AR-HD-P / DEVELOPMENT SPECIFICATION BRIEF

Hairdryer *Premium.*

The detail that earns a second look.

A sculptural, metal-finish direction for suites, design-led rooms and properties where every object makes an impression. The signature expression of the AERLOR haircare collection.

Luxury does not stop at the edge of the bathroom shelf. Hairdryer Premium is imagined as an object your guest is pleased to find, not an appliance they wish they had packed. A refined material direction gives the everyday ritual a more deliberate place in the room.

01

Signature champagne and graphite design studies

02

An intentional visual counterpart to premium bathroom finishes

03

A distinctive amenity to evaluate in your next suite or room pilot

Current status

Design concept in development. Not a final specification, performance claim, certificate or offer of available stock. The exact product must be qualified before purchase.
