AR-CL-L / DEVELOPMENT SPECIFICATION BRIEF

Curler Lite.

A thoughtful extra, on request.

An essential curling-tool concept for a managed guest lending program. Lite offers a simple Pearl finish for an amenity that does not need to occupy every room.

For a wedding, a dinner or an unexpected change of plans, a styling tool can be a useful service. Start with a small on-request program, then use real demand to decide the right stock level. Safe handling, cooling and inspection belong in the program from the start.

01

Designed around an on-request service

02

A straightforward handle layout

03

A compact storage brief

Current status

Design concept in development. Not a final specification, performance claim, certificate or offer of available stock. The exact product must be qualified before purchase.

THE DETAILS / AR-CL-L

Specification brief.

Defined = collection identity. Proposed = design direction. Unverified = evidence required before commercial release.
